Annual Timelines

Program Scholarships

Program Scholarship applications are due the 1st of every second month (January, March, May, July, September, November).

Scholarships will be reviewed and awarded by the 15th of each application month.

College Scholarships

College Scholarship applications are due November 10 annually.

Scholarships will be reviewed and awarded by the end of the application month.

Students may apply for renewal of College Scholarship awards through the same process.

Scholarship Outline

MYE Foundation is committed to the long-term development and education of our students. A major component of this commitment is supporting access to programming and higher education through scholarships, application process support, and educational empowerment.

Scholarship Fund awards serve to assist students in accessing programming and education that further and build on the curriculum goals of MYE (leadership development, personal discovery, sustainability), provide access to opportunities that would not otherwise be available, and promote the development of life skills, good citizenship, and personal responsibility.

Program Scholarships

The MYE Foundation Program Scholarship was created to help students access programs and opportunities beyond what MYE provides. There are many great programs and opportunities for learning, service and fun in every community. This scholarship helps MYE alumni access them.

Programs need to support the goals and spirit of MYE. They must focus on one or more of the following: personal learning, service, sustainability, college prep or testing, the outdoors, health, nutrition, or fitness, or a combination of these.

College Scholarships

MYE Foundation has created the College Scholarship to help MYE alumni access higher education. We believe a strong college education is one of the keys to a successful life and a lasting contribution to one's community.

The College Scholarship is a graduated scholarship that is designed to help you get into and pay for college. Each year, the amount of money available to you will decrease and your need to access other funding and scholarship resources will increase.

We'll help students get there, and we'll partner with them to help them stay there.

Eligibility Requirements

Candidates for either MYE Foundation scholarship must meet all of the following criteria. Additional requirements are outlined on the respective applications.

1. Completion of an MYE summer program and continued active participation in MYE Life Skills programming, as available;
2. Demonstrated participation in community service, and extracurricular learning activities;
3. Demonstrated financial need, if requested by the Scholarship Award Committee;
4. U.S. citizenship or legal residency status.
5. Proof of enrollment or acceptance in the chosen program or school.
